

# Grading

In first grade, we begin the year with grades of O (Outstanding), S (Satisfactory), N (Needs Improvement), and U (Unsatisfactory). O is comparable to A+, S is like A-C, N is equal to a D, and U is the same as an F.

Students will receive grades in reading, math, and conduct. Their reading and math grades will be based half on in person work and half on remote learning work. Students will have the opportunity to correct their work and receive a higher grade on any work that is lower than an S. Fixing mistakes is one way that we learn.

Mid-term reports will be coming out soon so I will contact you if your child is missing work. Please contact me if you have any questions about your child's grade.
